td) State Government of Haryana has informed that there has been no financial loss to the farmers in the Haryana Stale.

(e) No project under the name Eucalyptus plantation project has been implemented during the previqns five year plan and thus question of swindling does not arise.

(f) Does not arise.

Depredation of forest land

634. DR. SANJAYA SINH: Will the Minister of ENVIRONMENT AND FORESTS be pleased to state:

(a) whether Government are aware of the gradual depredation of forest land during the years 1991, 1992 and in 1993;

(b) if so, what are the details thereof; and

(c) what steps have been taken to arrest it and with what results?

THE MINISTER OF STATE OF THE MINISTRY OF ENVIRONMENT AND FORESTS (SHRI KAMAL NATH): (a) Assessment of the forest cover of the country is done once in two years on thef basis of visual inter-pretation of satellite imagery. The latest assessment, documented in the State of Forest Report, 1991 by the Forest Survey of India indicates that there has been a net increase of 560 sq. kms. in the forest cover of the country as compared to the earlier assessment as documented in *the* State of Forest Report 1989.

(b) and (c) The increase registered in the forest cover is on account of a number of steps taken by the Government. These include improved protection measures, conservation and development of forests, rehabilitation of degraded forests, social forestry schemes, participatory forest management programmes etc. These activities continue to get increased attention from the Government.

Decrease in tiger population

635. DR. SANIAYA, SINH: Will the Minister of ENVIRONMENT AND FORESTS be pleased to state:

(a) whether it is a fact that the tiger population has considerably decreased as per census conducted by the Forest Department and if so, what are the details thereof; and

(b) what are the reasons therefor and what steps have been taken to remedy the situation?

THE MINISTER OF STATS OF THE MINISTRY OF ENVIRONMENT AND FORESTS (SHRI KAMAL NATH): (a) and (b) The field work for All India Tiger Census was undertaken by the State Governments during the year 1993. The data so far collected are being analysed to arrive at population estimates. The reports from a large number of States have not yet been received.
